HUNTERS
FOR HEROES**

TEXAS HUNTERS

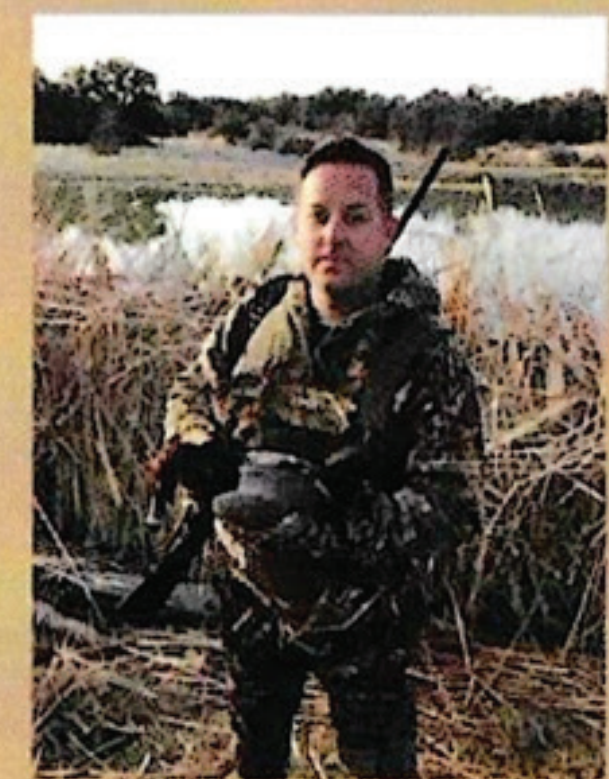

FOR HEROES

**WEST TX
Chapter**

We bring fellowship and the veteran community together to heal the traumas of war.

- We focus on reintegrating the veteran back into society through hunting, fishing, and the great outdoors.
- Providing hunting and fishing trips at no cost to our veterans, and provide them with a safe place to decompress, and develop the comradery with fellow veterans who understand what they have sacrificed.
- THHWT offers group meetings for our combat veterans who suffer with PTSD. We believe our veterans have sacrificed for our great nation and it is now time to help those who have given their all.
- We offer Suicide awareness to our communities and veterans, we lose a record number of veterans to suicide each day, because they feel they have nowhere to turn to or nothing else to offer, we give them that place to turn to and show them how valuable they truly are to not only the veteran community but also the civilian communities that surround us.

Our sponsors have the satisfaction of knowing they are helping America's heroes and saving lives in the process.

- Donations help pay for the trips we take our deserving veterans on
- Purchase materials to bring awareness to PTSD and Suicide.
- Provide counseling services to our struggling heroes.

Thank you for your consideration and Donations, Texas Hunters for Heroes could not do what we do without your generosity.
